In case of a tie on points for any position at the end of the season the athlete with the greatest number of first placing will be classified before the other athletes tying for the same position on points. If there is still a tie the athlete with the greatest number of second placing will be classified before the other athletes and so on until all those equal on points have been separated.

Prize money for overall classification will be offered to the top eighteen competitors in the GCT overall classification (tour series) as follows:

1st place	300,000.00 euro
2nd place	180,000.00 euro

Invitation system for each event:

## Group 1

The riders 1 to 30 (60% of the number of riders participating) on the Rolex Rankings two months prior to the event are invited. In case of riders declining invitations replacements will be selected from the Rolex Rankings in descending order. Riders in this group cannot be lower on the Rolex Rankings than 150th place. The substitution in descending order will be guaranteed until the date of definite entries or until the day prior to horses departing for the event if horses are required to travel by air plane. After this date the place will be allocated by OC (Group 3).

## Group 2

Five participants (10% of the number of riders participating) will be home riders and will be selected by NF. Also included in this group is 1 FEI Wild Card. The home riders are selected by the home National Federation and the FEI Wild Card by the FEI. Should the NF and/or FEI not be able to meet its quota of riders in this group, the quota will be filled by inviting additional riders by OC (Group 3).

## Group 3

15 participants (30% of the number of riders participating) are selected by the OC. It is not obligatory that these participants be chosen from the Rolex Rankings.

The FEI will apply a certain amount of flexibility in relation to enforcing the rule obliging OCs to have at least 10 NFs represented.

Designated class for GCT ranking:

The class that counts for points in the GCT ranking is the Grand Prix, which takes place on the Saturdays or Sundays of the events.

It is a jumping competition over two different rounds against the clock with one jump off against the clock in case of a tie on penalties for the first place (Art. 273.3.4.):

- A maximum of 18 (eighteen) participants return for the second round based on penalties and time in the first round. In any case, all participants with zero penalties in the first round return for the second round. The participants that tie for the 18th place (penalties and time) are allowed to participate in the second round;
- Participants are classified according to their penalties in both rounds and if necessary according to their penalties and time in the jump-off.
- The participants of the second round not taking part in the jump-off are classified according to their penalties in both rounds and time in the second round;
- The participants of the first round not taking part in the second round are classified according to their penalties and time in the first round.

## Starting order

The starting order will be established according to a draw. Participants are divided into two groups based on their position on the Rolex Rankings at the time of the event. The competitors in the group with the higher ranked participants start last in the first round.

The order of starting in the second round is according to the reverse order of penalties and time in the first round.

The order of starting in the jump-off is according to the same order as in the second round.

## Point system

Twenty-five competitors will obtain points in each competition of the GCT.

The following point-system will be used for each GCT Grand Prix:

Place	points	place	points	place	points
1	40;	11	26;	21	10;
2	37;	12	25;	22	9;
3	35;	13	24;	23	8;

7	30;	17	20;		
8	29;	18	19;

## THE FEI CODE OF CONDUCT

### FOR THE WELFARE OF THE HORSE

The Fédération Equestre Internationale (FEI) expects all those involved in international equestrian sport to adhere to the FEI's Code of Conduct and to acknowledge and accept that at all times the welfare of the horse must be paramount and must never be subordinated to competitive or commercial influences.

1. At all stages during the preparation and training of competition horses, welfare must take precedence over all other demands. This includes good horse management, training methods, farriery and tack, and transportation.
2. Horses and Athletes must be fit, competent and in good health before they are allowed to compete. This encompasses medication use, surgical procedures that threaten welfare or safety, pregnancy in mares and the misuse of aids.
3. Events must not prejudice horse welfare. This involves paying careful attention to the competition areas, ground surfaces, weather conditions, stabling, site safety and fitness of the horse for onward travel after the event.
4. Every effort must be made to ensure that horses receive proper attention after they have competed and that they are treated humanely when their competition careers are over. This covers proper veterinary care, competition injuries, euthanasia and retirement.
5. **The FEI urges all involved with the sport to attain the highest levels of education in their areas of expertise.**

A full copy of this Code can be obtained from the Fédération Equestre Internationale, HM King Hussein I Building, Chemin des Délices 9, 1006 Lausanne, Switzerland. Telephone: +41 21 310 47 47. The Code is available in English & French. The Code is also available on the FEI's website: [www.fei.org](http://www.fei.org).
